

FERVIN – In the wine there are imprints of our work and place

ESTATE

The FERVIN Estate is a family estate located in the heart of the Vipava Valley. Center of the estate is a cellar located in the village of Vrtovin. In the nearby area, our vineyards are spread over 3 hectares of exceptional locations.

HISTORY

Despite the fact that the estate has been owned by our ancestors since at least 1866, we consider the year 2018 to be the new beginning and founding year of the FERVIN Estate. At that time, the Ferjančič family took over the estate and redefined the direction of its work. The estate is focused on producing modern, high quality wines with imprints of our work and place.

FERVIN

The name **FERVIN** derives from two factors that are most important for quality and characteristics of the wines. It consists of the surname **FERJANČIČ**, which represents the people who produce wines, and village **VRTOVIN**, which represents place where the cellar and vineyards are located.

On the logo it shows the grape seeds that point to a new beginning while at the same time symbolize our values. The positioning of the seeds represents our basic idea - In wine there are imprints of our work (**FERJANČIČ**) and place (**VRTOVIN**).

FERJANČIČ FAMILY

Human with his work has the key impact on the quality and characteristics of wine. But a good team is required to succeed. The FERVIN team consists of Matjaž and Mavricija and their sons Matic and Mark Ferjančič. The cooperation of both generations enables the successful combination of new knowledge, fresh ideas and years of experiences and this is the way to ensure the successful accomplishment of upcoming projects.

VIPAVA VALLEY

Vipava valley lies in the west of Slovenia and with its warm sub-Mediterranean climate and flysch soil creates the ideal conditions for growing vines. These places are also characterized by the Vipava's wind Burja, which adds to the wines its own imprints.

VRTOVIN

Under the slope of Kucelj mountain is the Vrtovin village. Here, on the sunny side of the Vipava Valley lies the exceptional vineyards. Vrtovin with its vineyards has a key impact on the quality and character of our wines.
